Start: 7:00 pm

Learn about:

Formance - Structurally engineered panels that will provide a warmer, and drier home.

Superhomes - Affordable and energy efficient homes. Bob Burnetts will speak about the award winning, high performance and environmentally sound architecture and design.

Ravenswood – Learn why this is Canterbury's hottest new subdivision.

8:30 pm Coffee and questions

Property Ventures, in conjunction with Canterbury's hottest new subdivision, Ravenswood, has teamed up with the industry leaders, architects and builders from the Superhome movement and is bringing you an exclusive opportunity to own your own, architecturally designed, energy efficient Superhome in one of New Zealand's fastest growing districts.

Stage 1 sections are on sale now. Priced from only \$119,000 these prices won't last long. Being located across the road from the popular Pegasus Golf Course, with most of the Commercial already sold, and the new 4 lane Western Bypass underway taking you from Ravenswood to the city, who knows what these properties will be worth in the future.

Please visit www.ravenswood.co.nz for more information on the subdivision.

If it's not Ravenswood you are after, we recommend you come and hear about Formance and Superhomes. The way of the future, quality homes that Kiwi's just aren't use to. Whether you want to build one of these for yourself or your tenants, you will own a property built by industry leaders.
